DO YOU BELIEVE IN MAGIC?

"Nowhere else in Australia will you find such an enchanting live performance combining the brilliant style of an international illusion show, the high energy of a rock concert and the glamour and colour of a Las Vegas Extravaganza"

Stephen Galbraith, CEO, Wonderland Sydney.

Visualize... a human body passing through another, a beautiful girl being compressed into a box that is twelve inches square, audience participation with volunteer's money being destroyed and restored moments later filled with laughter, entertainment leaving audiences literally gasping and applauding.

"INTERNATIONAL ILLUSIONIST TONY LAFFAN"

... on your stage!

"...Tony is a very personable man with an infectious sense of humour. His affable personality and immaculate presentation compliment his professional expertise. It is obvious that Tony takes great pride in his work and truly enjoys being with and entertaining people...."

THE ILLUSION SHOW:

TONY LAFFAN'S show 'Spellbinding Sorcery' is every part a 'Las Vegas Style Production'. His illusions are more sophisticated than traditional magic, incorporating showmanship in a fast paced, action packed magical journey with his audiences! Combine this with the talent of his beautiful assistant Kasey-Laura, the excitement of great sound tracks, contemporary costumes and explosive routines and you are witnessing 'THE MAGIC AND ILLUSIONS OF TONY LAFFAN.'

THE COMEDY MAGIC SHOW:

TONY LAFFAN'S warm personality along with his funny take on magic, with his one-liners and audience involvement onstage makes for a great night of laughter as well as amazement.

Imagine an eight foot French Guillotine with a spectators head locked in with his wife in control of the lever, the expression on your friends face as they watch their \$100 note going up in flames only to be found in a tin of baked beans covered in tomato sauce. Tony does this and more with his playful handling of spectators leaving audiences in stitches and at ease without fear of embarrassment whilst stilling having a great time.

THE CLOSE-UP MAGICIAN

TONY LAFFAN is also a master in the art of Close-Up Magic and just as comfortable entertaining amongst guests as he his on stage. He performs the age old art of conjuring, theatrical pick pocketing and skillful sleight of hand that always astonishes people who are a mere arms lengths away. His magic contains a wealth of interaction and humour leaving audiences totally entertained.

This multi award winning magician's repertoire is an endless combination of various effects vanishing and reappearing borrowed items of jewelry, stealing watches right off the wrists of the unwary, changing \$20 notes into \$100 notes. He can even produce your very own customized card trick involving the relevant company's name or slogan on request.

So to add that extra *touch of magic* to your function
or event, you need
'THE MAGIC OF TONY LAFFAN'.
